Our global network of joint-venture factories have manufactured over 100 million hand & power tools using the latest manufacturing and assembly processes lead by first class chain-supply management.

- 8** Factories
- 22** Years in Business
- 150** Tool Innovations Yearly
- 350** Workers & Staff
- 2000+** Hand & Power Tools Available

Everything you need to **DESIGN, MANUFACTURE & GROW** your private label tool brand in today's ultra-competitive market.

Quality Control

For any company to succeed in today's competitive market, they need a strategy that differentiates them from the competition. Quality should not just be an option but rather it's imperative for success. Our practices make sure your standards are met together with international regulatory standards in Quality Assurance and Quality Control.

Hand & Power Tool Manufacturing

We understand that not all businesses are the same, so our team of experienced product manufacturers & engineers can tailor tools to match your brand perfectly. Whether you want us to manufacture something new or improve upon an existing tool, we're here for you.

Packaging & Merchandising

Retail is competitive. Utilizing eye-catching packaging and a consistent visual brand identity across all packaging is more important than ever. That's why our dedicated designers and packaging team not only develops your Visual Identity (VI), but brings it to life in our dedicated packaging facility.

Inventory Management & Distribution

With forecast planning, we hold stock and manage your inventory levels. Our team has the ability to review sales reports for forecasting & adjust stock levels, as well as store and consolidate mixed containers of your private label tool program.

Marketing Solutions

Our fully-equipped team of graphic designers, photographers, video-graphers, on-site studio and strategic marketing experts can provide everything you need to get your product off to the right start.
